SLATTED RUBBER ENQUIRY FORM

Dealer Name:

Customer Name:

Contact Details:

Slat Manufacturer:

The diagram illustrates a slatted rubber system for a shed. It features a central grid of vertical slats. Above the grid is a shaded area labeled 'Feed Barrier'. Below the grid is another shaded area. The diagram includes several measurement labels and input boxes:

- WIDTH OF APRON (If Any)**: Two input boxes, one above and one below the slat grid.
- RIBS PER GANG**: Input box with 'Eg: 6 or 7'.
- NO OF RIBS TO BE COVERED**: Input box with 'Eg: 64'.
- LENGTH OF SHED**: Input box with 'Eg: 63ft'.
- WIDTH OF 3 RIBS & 2 GAPS**: Input box with 'Eg: 540mm'.
- WIDTH OF GAP**: Input box with 'Eg: 35mm'.
- WIDTH OF RIB**: Input box with 'Eg: 156mm'.
- LENGTH OF SLAT**: Input box with 'Eg: 12ft 6ins or 3.8 metres'.

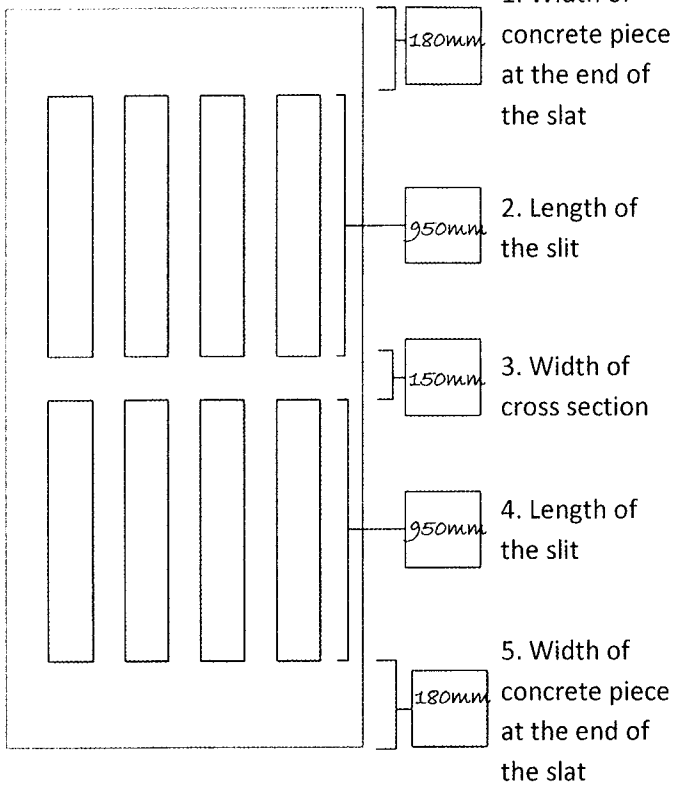

An inset diagram in the top right corner shows three 'RIB' blocks with arrows indicating the 'GAP' between them. Below this inset, text states: 'The measurement of 3 ribs and 2 gaps in this case is 540mm i.e. 170 x 3 + 35 x 2'.

P.T.O. →

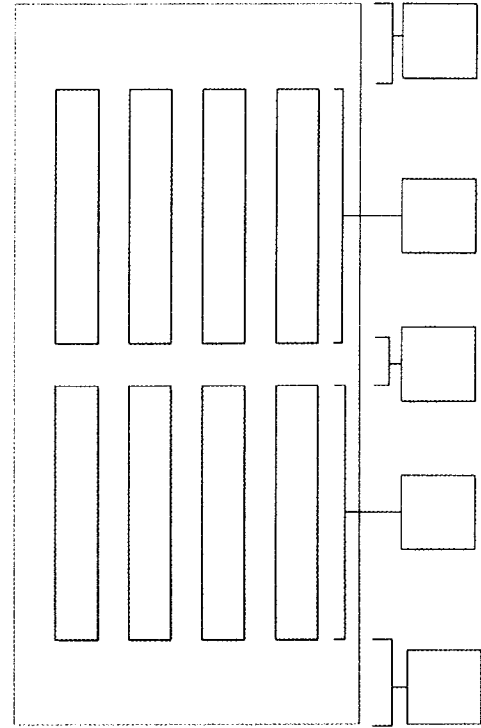

PLEASE ENSURE ALL SIZES ARE FILLED IN ON THE DRAWING
Measure a number of ribs and gaps to get an accurate measurement.

PLEASE ALSO FILL OUT ONE FROM THE THREE OPTIONS BELOW
